

Morncast Community

Presenting Kigali Hacks.

What is Kigali Hacks?

What is Kigali Hacks? We're a group of high school students who learned to code through creating and sharing. To pay it forward, we're organizing , an inperson hackathon for high school students. Coding is a transformative superpower – with it, students are empowered to create solutions and innovate. There are almost no spaces for teenagers to gather and code.

Why sponsor us

Your help is critical to the success of Kigali Hacks! Through your sponsorship of Kigali Hacks, you can support future innovators by getting more students interested in technology and providing them the opportunity to collaborate with other coders. You'll also be able to advertise your company or product to an interested audience, as well as extend internship offers to talented programmers.

How you can help?

• I Donate money

This is the best way to support us; as an inperson hackathon, we'll have to purchase meals and snacks for all participants, as well as buy prizes. If none of the amounts mentioned in the email, reach out to us, and we'll be happy to work something out with you.

• I Swag and in-kind support

Providing your company's products or swag is also greatly appreciated! Hackers at the event will need a variety of tools to complete their projects, and sending your products is the best way to get students to use them.

• I Run a workshop

Whether you're a company or an individual, you can run a workshop about anything you're interested in!

• I Send mentors, judges, and speakers

By sending mentors, judges, and speaker is a great deal to us because the hackers will be able to get inspired and encouraged and as for the judges or mentors that can help us run the hackathon run smooth.

• I If you have any other ways you'd like to help

Please! send us any email at sponsor@morncast.live

Sponsorship Perks

Description

- The exact sponsorship amount can be worked out with us through email or a call, but benefits can include

Advertisement

Advertisement email sent to all attendee.

Speech

Speech during opening ceremony.
